Join the campaign "Wear your trainers and beat the disease" and advance the fight against leukodystrophies, serious diseases that affect 20 to 40 births per week in Europe. In your company, for the time of a day, walk for ELA. The concept is simple: 1 step = 1 donation. For ELA, every step counts. Follow us on social networks. Go to [ela-asso.lu](http://ela-asso.lu).
